

Social Media Policy

T3D Therapeutics, Inc. encourages engagement and participation in open discussion and inquiries about T3D Therapeutics, Inc. through our public social media communities (Facebook, Twitter, LinkedIn). We monitor our social media communities and reserve all rights to review, edit and/or delete any of your published content to ensure appropriateness of published content.

These social channels are not a forum to participate in personal attacks, defamation, harassment, spam, offensive content, illegal activities, or discuss therapies, treatments, conditions, or as a venue for reporting adverse events or side effects. Rather, these social accounts are for discussing T3D Therapeutics, Inc. news, events, our social impact, and publications.

For specific questions about our studies or therapies, please use the contact form to submit a query through our corporate website: <http://www.t3dtherapeutics.com/contact-us/>.

Please directly consult with a health care professional as information provided via our social media platforms should not be considered medical advice.

These terms and conditions are subject to change without notice and govern your use of any social media community operated by T3D Therapeutics, Inc.

Please note, as the social media content is available to the public, use caution when posting medical information and never disclose personal identifiable information (including but not limited to location, financial information, other private information).

Please note that you are responsible for the content you publish and social media activities. You agree to not misrepresent yourself or take on the identity of someone else while using or engaging with T3D Therapeutics, Inc. social media community.

Please note agreement not to publish illegal, obscene, defamatory, threatening, unlawful, disruptive, profane, harassing or abusive content on T3D Therapeutics, Inc. social media platforms.

Please note agreement not to provide medical advice or medical commentary on social media platforms.

Please note agreement not to make, recommend, or increase referrals to physicians on social media platforms.

T3D Therapeutics, Inc. reserves the right to monitor, prohibit, restrict, block, suspend, terminate, delete or discontinue access to any social media account at any time, without notice in its sole discretion.

Published content to the social media accounts owned by T3D Therapeutics, Inc., grants T3D Therapeutics, Inc. with a non-exclusive, royalty-free, and worldwide license to reproduce, distribute, edit, reformat, publish or display the content for its own purpose. Other social media participants may use published content beyond the control of T3D Therapeutics, Inc. Opinions and views expressed by individuals as published content on the T3D Therapeutics, Inc. social media communities are not necessarily those of T3D Therapeutics, Inc. its employees, staff or board members.

Please note if you are a T3D Therapeutics, Inc. employee you must adhere to the T3D Therapeutics, Inc. social media policy available internally.

Disclaimers

For specific product-related information, please visit the T3D Therapeutics, Inc. website <http://www.t3dtherapeutics.com> to learn more.

We cannot comment on or respond to issues related to legal and financial matters, regulatory issues, or proprietary information on social channels.

We may provide links to independent third-party sites in posts and tweets. T3D Therapeutics, Inc. has no way of controlling the content of third-party sites, nor does T3D Therapeutics, Inc. endorse, or is T3D Therapeutics, Inc. responsible for, the content on third-party sites.

T3D Therapeutics, Inc. does not endorse, and is not responsible for, the content of any social accounts that the T3D Therapeutics, Inc. social accounts follow.

This policy may be updated at any time without notice.
